

# GRADUATE CAREERS AT ACCENTURE TECHNOLOGY

## VIDEO TRANSCRIPT

(0.03) This in fact is my first job but I never really felt like that directly because the kind of people and work environment of experience in you. Well, the learning curve has been amazing and I've been able to explore many things that I didn't know was there in the technology space. It really helped me to bring out the best of me but it's been a terrific Journey till now and I want you guys to be a part of it too.

(0.25) Accenture really focuses on the Learning and Development. I enrolled in many trainings, and free certification programs on the latest technologies to keep me updated. I joined a unique program called Tech Leap where I got the opportunity to learn and upscale with the trending technologies. And the best part is you get a chance for a Fasttrack promotion.

(0.45) My journey has really been fantastic, and I'm incredibly grateful to be part of the Expressway learning program which has offered me the opportunities to learn and grow. It has been a fast-paced journey over the last one year and I feel really lucky to have such an amazing experience. This is reflected clearly from my very first promotion within a year. To summarize my journey at Accenture, I'll use three words up – upward, learning and evolving.

(1.14) From the first day till today, Accenture, never overlook me. Each day I get immense learning opportunities. So, I think any graduate
