

Global Technology Delivery

Video Transcript

High performance. Delivered.

Sound bite

1. Technology is rapidly growing and we're seeing a huge demand. It does make for a great career trajectory.
2. Global technology is a truly challenging environment where you have to train and inform yourself constantly.
3. Delivery provides you an opportunity to explore an idea, to build an idea, and to validate an idea. That's what I love about working in Accenture Technology.
4. What excites me most is exposing myself to diverse perspectives.
5. The ability to travel, to work with new colleagues around the world.
6. In delivery you need to find the right information at the right moment and build efficient business solutions for your clients. It is a constant intellectual challenge.
7. We are in various countries which means I get multiple avenues to comprehend how we do business in all of those countries. It's a huge learning experience.
8. What I love most about working at Accenture technology is really the ability to provide deep expertise on delivery capability.
9. What excites me most is the growing focus on innovation you have access to the latest developer tools right at your fingertips.
10. At Accenture we're making a massive difference in the real world. We're striving to use new technology all the time....
11. ...to make our systems more efficient for our customers.
12. We understand our clients businesses to take them through the journey of technology transformation. Making that a reality is what we do best.
13. I love working for Accenture technology because there's so many different things you can work on, so many projects, you've always got a chance to move around.
14. Accenture aggressively invests on the development of its people.
15. Mentors encourage me to explore new areas, to expand my experiences and identify

	my true passion and capability.
16.	You are challenged to give the best of yourself all the time, and become a more valuable professional every day.
17.	With a career in technology at Accenture you have the opportunity to shape your career in any way that you want.
18.	Accenture bets for technology, and that is the key of success.
