Accenture Operations for
the Automotive, Industrial,
Infrastructure and Travel
industries

We are helping a leading airline group achieve annual savings of US \$8.5 million.

We helped a large US commercial carrier reduce costs and implement tools, processes and technologies that have improved visibility and overall control of finance processes, without sacrificing service quality.

We helped a global automotive parts manufacturer see first-year improvements including 50 percent indirect spend under management.

We helped a diversified manufacturing company achieve more than US \$7 million in contracted savings and a US \$5 million profit and loss impact.

Thanks to our Operations team bringing extensive, specialized experience to our AIIT clients

A pioneer in Outsourcing, with more than 21 years of experience, we help AIIT clients across the world manage their businesses better

Across multiple industry sectors:

- Automotive
- Industrial Equipment
- Infrastructure and Transportation Services
- Air, Freight, & Logistics and Travel Services

Accenture Operations helps clients achieve high performance.

Our Next-Generation Operations focus combines analytics, domain expertise, technology and industry knowledge to drive innovation for AIIT clients

We have globally connected people actively collaborating on 'Industry Communities of Practice'

Our Business Advisors have extensive industry experience and use it to uncover insights from clients' data to make recommendations that drive tangible business results-These initiatives help AIIT clients address business challenges like:

- Revenue generation
- Working capital improvements
- Customer acquisition

With unmatched industry experience, analytical skills and global delivery capabilities...

We are helping our clients move from challenges to outcomes
