

**VO: What's the power of AI?**

**VO: Does it have the power to see growth where you can't?**

**VO: By designing your customer's next go-to product and putting it on their favorite store's shelf.**

**VO: Creating customized content that fits seamlessly into their routine.**

**VO: And curating recommendations from kitchen to closet for their unique style.**

**VO: AI can uncover new paths to growth by helping you see what your customers want most.**

**VO: That's the power of artificial intelligence.**

**VO: That's New Applied Now.**
