CORE, CLOUD AND CLEAR
The power of your business

Address IT challenges and seize digital transformation opportunities

The time to adapt is now, if you are:

- Looking for a more responsive, flexible, scalable IT infrastructure
- Planning to move to SAP S/4HANA® prior to the deadline of 2025
- Experiencing increasing budget pressure
- Facing increasing security threats

The time for growth is now, if you are:

- Innovating to lead your industry where epic disruption is becoming the norm
- Expecting a trusted consulting partner to help manage your ERP modernization
- Embracing the potential to help reduce TCO of up to 50% with SAP® applications on Google Cloud Platform (GCP)
- Looking to adopt automation tools to help reduce project, infrastructure and run costs by up to 25%

Power your business at the core

As your trusted technology partners, Accenture and Google Cloud create a new paradigm in the cloud for your SAP solution, enabling innovation at speed.

We bring established experience

1,000+ SAP clients
Accenture provides application and infrastructure implementation/management to 1,000+ SAP clients worldwide.

World leader in SAP
Accenture is recognised as a world leader for SAP application services and public cloud infrastructure managed services.

Built-in Security
Encryption by default at rest and in transit, addresses GDPR.

High-performance cloud
Built on what powers Google Search, Youtube and all Google properties. Leader in uptime and SLAs.

Harness your data
Google Cloud and Accenture can help give you an accelerated path to a comprehensive data strategy.

Intelligent CloudSuite
Accenture's proprietary automation tools to build, run, administer, monitor and implement SAP applications on Google Cloud Platform.

We differentiate through mature delivery and management

We will be your trusted, end-to-end consulting partner for all steps of your journey to Google Cloud Platform for your SAP applications, providing relevant consulting, system integration, infrastructure and application operation services.
We will engage with you to provide:

Advisory
Advise for a cloud vision, detailed value case and cloud migration roadmap

Migration
Cloud migration to move existing applications to GCP

Innovation
An innovative path to leapfrog to the cloud and adopt SAP S/4HANA

Our alliance partnership is committed to deliver value to your business

Any size
Accenture and Google Cloud will manage any SAP instance sizes (4TB VM and beyond)

Simplify
Google Cloud can offer up to 99.99% SLA on a single VM which can significantly simplify the architecture and reduce its costs

Grow with you
Google Cloud's true as-a-Service pricing model helps give you the flexibility to grow at your speed and budget

Intelligent business
Bring leading Google AI/ML capabilities to redefine your business together with Accenture

Innovate and transform
Together we can innovate and transform your business, using analytics and IoT for increased intelligence

Secure, scalable and efficient
Together we have set a benchmark to help support a secure cloud. The data is encrypted and takes the complexity out of your business, which can reduce TCO by 30%-50%
