

## **Accenture Operations Video Transcript - Razvan**

*Narator Use your digital skills to Be Greater Than. Be yourself, make a difference by joining us.*

*Speaker Hi, I'm Razvan, and I've been at the company for six years. Currently, I have the role of coordinator in a technical project on the SAP application. The people I work with are young, and the project is both dynamic and complex. We provide support for the SAP application to a client in the automotive industry, and that keeps us constantly on the move. My passions are travelling, driving, I love to drive, I like to somehow combine them both, to travel by car to a certain location listening to music.*

*Narator Find out how you can Be Greater Than at **accenture.ro/BeYourself***
