

## Accenture Operations Video Transcript - Ioana

*Narator Use your digital skills to Be Greater Than. Be yourself, make a difference by joining us.*

*Speaker I'm Ioana, and I've been working for Accenture for three years. I'm part of a team which handles collective life insurance processing. I like that the schedule is a flexible one, which has given me the opportunity to finish my studies. Here, I can be myself, my opinions are being listened to and I've always been encouraged to take initiative. In my spare time, I like the outdoors, to camp and to discover the country one step at a time. I also like to watch TV series, read books and play video games on my gaming console.*
