

BE YOURSELF, MAKE A DIFFERENCE

VIDEO TRANSCRIPT

Rupert **Team Lead Digital** **Technologies**

Question: What do you appreciate the most at Accenture?

Rupert: Working towards a common goal with my colleagues. They inspire me and energize me everyday.

Question: How did Accenture convince you?

Rupert: Two years before graduating I met Accenture at an IT fair. I used to go to a lot of IT fairs but there was no other company who could convince me. And now after two years, I know for sure that their business ethics and team spirit is a perfect match for me.

Question: You are an hour of code teacher, what is this about?

Rupert: "Hour of code" is an event organized by "code.org" and the organization aims to have everybody from the age of 9 to 99 to have coded at least one hour in their life. My role at this event is to go to elementary or secondary school and to teach the basic of coding to the pupils. Because I have noticed that pupils don't really know what coding and programming is about, what you can do with it and what the importance of it is.
