

GRACE CHENG – MY ROOTS

VIDEO TRANSCRIPT

Hello, my name is Grace and I'm part of the Digital Experiences team here in Labs.

I'm excited to come in everyday to experiment with new technology.

There are so many devices out there to try in order to come up with the best solutions for our clients.

One memory that I have is showing Virtual Reality to my parents.

They've never seen anything like that before, so for them to put on the headsets and see the joy on their faces just encourages me to work harder every day to discover new things, innovate further, and bring that back to my roots and to my family.
