

KIRBY LINVILLE – IMPACT

VIDEO TRANSCRIPT

I work on the Systems and Platforms team as a researcher, specifically on our quantum computing initiatives.

It's been a lot of fun working here at Accenture Labs - I absolutely love it. It's been a great place to take some of these cutting-edge technologies and seeing where we can apply them to make a difference to some of the biggest companies in the world.

It's been a really great opportunity for me to grow as well as a great chance to get to apply some of these cutting-edge technologies to make a huge impact.
