

ACCENTURE APPLIED INTELLIGENCE HONG KONG RECRUITMENT VIDEO

VIDEO TRANSCRIPT

Hi, my name is Tzeh Chyi

I am with Accenture Applied Intelligence

Over the past 25 years
I have served companies in different
industries across Asia

including Mainland China, Hong Kong,
Singapore, Malaysia, Thailand, India and
South Korea

In Accenture
we are relentless in applying intelligent
technology and human ingenuity at the
core of business
across every function and process to help
our clients transform to gain competitive
advantage in the digital age

We combine Artificial Intelligence, Robotic
Process Automation with deep industry
and analytics expertise to help our clients
drive tangible business outcomes at speed

At Accenture Applied Intelligence

you work in a diverse, global team
of data scientists and artificial intelligence
specialists
to unlock the value of automation,
analytics, AI and pave the way for
innovation

With a career in Applied Intelligence
you don't just gain access to the latest
technology
You have the opportunity to take
the biggest clients from ideation to
industrialization

Through co-creation with clients, you can
drive targeted outcomes
with new intelligent and AI-powered
solutions

We look forward to seeing you
