VIDEO TRANSCRIPT

Hi! I am Rajesh, part of the Client Financial Management team at Accenture.

A strong financial team helps any business cruise to victory. And, I am part of the team that fuels Accenture's financial strength.

Our secret to success?

We think of innovative ways to achieve higher profits and maximize cash flow for our business.

Together, my team and I, ensure we don't deviate from a client contract while delivering excellence in everything we do.

A day at work is exciting and challenging, just like a game of carom.

From collaborating with my peers to interacting with business leads and closely monitoring pricing for our clients. We're always on the top of our game. We're always thinking outside the box to challenge the status quo!

Over the last nine years, I have got the opportunity to work with diverse teams that have given me the exposure to learn the nuances of subjects such as business process outsourcing and corporate finance.

From bringing my true self to work...

To making a difference in the community....

And spending quality time with my family.

I'm playing the winning game at Accenture.

Our innovators, from diverse backgrounds, are working together to improve the way the world works and lives!
