# ALBERT

## VIDEO TRANSCRIPT

Hi, I am Albert Chan. I've been in Accenture Financial Services for almost 30 years.

I like my job because I can always help leading financial institutions win over time and changes through innovation and transformation.

---

Accenture Financial Services is famous for leading change all over the world. Especially in this fast changing digital era, we have been helping our clients, the global leading financial institutions, to drive digital transformation.

We are bringing practical innovations to our clients in areas like AI, blockchain, analytics, cloud, cybersecurity with speed and at scale, to help them be more innovative, agile and human.

We also have extensive partnership with leading Fintech companies.

Our Hongkong based APAC Fintech innovation lab has been running for 6 years, and raised over \$ 500 million for Fintech startups to support their development.

---
