**[VO]** Technology is ever-changing, ever-evolving, and being a many-technologies company, Accenture is on the cusp of that change.

We enable some of the most novel innovations—from artificial intelligence to automation, cyber security to cloud computing, to IoT, 5G and edge, harnessing the best of human ingenuity and technology.

Our people stay ahead of the latest trends through specialty courses, certifications, and by discovery, in over a hundred innovation hubs around the world.

Conducting experiments and creating prototypes that excite our clients and most importantly—ourselves.

Working as one and leveraging on the leading platforms of our ecosystem partners, we're helping clients rediscover technology, to prepare them for the new digital world, a more sustainable world, one, full of exciting possibilities.

**[Onscreen]** At the heart of every great change is a great human.

**[Onscreen]** Come work at the heart of change.
