

# MAKING A DIFFERENCE WITH ACCENTURE CONSULTING

Hi thanks for applying for a role at Accenture.

My name is Kyle Burton and I'm a manager from the Talent and Organization practice.

At Accenture there are many opportunities to learn and grow, this is something that's really important to me. I really enjoy being at the cutting edge of research and thinking so that we can develop great solutions with our clients. I just returned from overseas where i was attending training on the latest digital change enablement methodologies.

Here at Accenture I've had the opportunity to work on a variety of projects across a number of communications and media industry clients this includes completing a workforce capability transformation and working on large-scale change enablement projects.

On a daily basis I am learning from and sharing knowledge with my peers both within Australia and across the globe. Our practice is really supportive and always willing to share experiences and knowledge so that we can bring the best to our clients.

We'd love to have you as part of the team and look forward to receiving your application.
