2 Introduction

Dear Supplier, thank you for providing goods or services to Accenture. Accenture always aims to pay suppliers on time, within the payment terms that have been agreed, and will also follow local government regulations where applicable. This can only be achieved with the co-operation of our suppliers – please follow the guidelines outlined in this document to ensure that we can meet these targets.

NOTE: This guide is not applicable for suppliers using IQN, T-360 & LGI (Electronic form for Large Generated Invoices) modes for invoicing Accenture.

2.1 Establishing and Maintaining Your Accenture Supplier Profile

- Please make sure the contact and payment information Accenture have on file are always current. If your company name, mailing address, Purchase Order (PO) receipt email address, contact information, bank information, phone numbers or fax numbers change, please notify Accenture immediately by e-mailing ap.gc.support@accenture.com.

2.2 Payment Terms

- Accenture’s standard payment terms are 60 days from the receipt of a valid legal duly submitted VAT Invoice (Refer to ‘Submitting Invoices’, section 2.5), unless alternate payment terms have been agreed in writing with Accenture Procurement Plus.
- Invoice due dates mentioned on the invoice will not be taken into consideration whilst making the payments.

2.3 Preparing Invoices for Accenture

Please include all of the following information on the invoice:

- Your full legal Name, Address, taxpayer's Identification number
- Invoice number
- Invoice date
- Invoice amount (in letter)
- Invoice amount
- Detailed description or invoice nature of the goods or services that were delivered or rendered
- Accenture Purchase Order (PO) number beginning with 60XXXXXXXXX on the invoices (where the goods & services are provided against a PO). Note: Please type the PO number in the comments field on the invoice, please do not write. Please do not mark the purchase order number with a highlighter as this affects the quality of our invoice scanning. Accenture will not be liable for late payment fees if a PO number has been provided to the supplier but not included on the invoice.
- E-mail address of the Accenture contact who requested the goods or services. Note: If invoices are sent by mail, the Accenture contact person must write on the packages. This employee will be asked to confirm receipt of the goods or service and verify the accuracy of the invoice before the payment can be released. This is essential if no PO number has been provided.
• Company chop
• State tax bureau supervised-made seal
• Your complete banking details (Bank name, Account number, etc.)
• Accenture Bill to Address (including Accenture Legal Entity) – see section 2.7 for full details

2.4 Special Instructions for Purchase Order (PO) Invoices

• It is very important when supplying goods or services to Accenture, to do so only upon receipt of an official Purchase Order (PO). At the discretion of Accenture, goods or services received without an official purchase order would risk non-payment, unless an alternative arrangement has already been agreed with our procurement function. You can contact Accenture Procurement at procurement.support@accenture.com.
• Accenture’s official Purchase Orders will be sent via email or fax notifications from Accenture’s procurement tool, Ariba Buyer, bearing the sender’s address via email: Accenture.Purc.Order@accenture.com. Please ensure you are able to receive emails from this address accordingly.
• Accenture requires a Purchase Order (PO) for all invoices, regardless of value. Please request a PO# from the requestor and clearly quote this on the invoice to ensure you comply with this policy (some local exemptions may apply; the requestor will advise you if this is the case).
• If you are providing goods and services to Accenture under more than one PO, you must invoice for each PO separately. Only one PO can be referenced per invoice.
• The details and item-wise breakup on the invoice must match exactly with the description noted on the PO. (For example, the ‘Bill To’ address must match exactly that outlined in the PO). Always reference the appropriate PO line item number for each line item on the invoice.
• Please note that a Purchase Requisition Number (“PRXXXXX”) will not be accepted, please quote only a valid PO number (eg “60xxxxxxxx”).
• Invoice value /quantity should not exceed the PO value/quantity. In case of any issues please contact your Accenture requestor to update the PO as required.

2.5 Submitting Invoices to Accenture

NOTE: If you are a supplier who has accepted to invoice Accenture over the Ariba Network, the below guidelines do not apply - you will need to submit your invoices via the Network and not via email or post.

• Suppliers are requested to issue all invoices on a timely basis – at the latest within 30 days after the month in which the associated goods or services were performed or in which such fees, costs, expenses or charges were incurred.
• Please send original Hard copy invoice(s) directly to Accenture contact who requested the goods or services within 5 business days from the invoice date. Invoices received over 30 days after the invoice date – or where the invoice due date has already passed - will be rejected by Accenture, with a request to reissue with a new invoice date.
• Suppliers should send their invoice ‘for the attention of’ the Accenture contact at the ‘Invoice To’ address, unless otherwise directed by their Accenture contact.
  o The Accenture contact can be found in the Purchase Order: “Requested by: xxx”.
• Failure to issue or submit invoices on a timely basis may result in payments being delayed. In no event shall Accenture be liable for any fees, costs, expenses or
other charges where invoices are not submitted accurately or in a timely manner.

- Please check with customer support team (see section 2.6) before re-submitting any invoices that were submitted earlier. **Invoices sent to non-Accenture mailboxes will be deemed as not received.**
- A reconciliation exercise should be completed by the supplier on at least an annual basis to ensure there are no outstanding invoices unpaid.

### 2.6 Further Information & Assistance

- Accenture is pleased to announce a new service for its suppliers and vendors called **My Supplier Portal (MSP)**. MSP is a web-based tool which enables suppliers to view the status of their invoices and payments information via the internet 24x7.
- The full MSP link is: [https://eme.mysupplierportal.com/ACC/Pages/UI/Login.aspx](https://eme.mysupplierportal.com/ACC/Pages/UI/Login.aspx)
- All queries, concerns or statements should be routed through our customer support team at [ap.gc.support@accenture.com](mailto:ap.gc.support@accenture.com).
- For information regarding your Accenture Supplier Profile, Invoices, Payments, Purchase Orders or access to My Supplier Portal, please contact Accenture at [ap.gc.support@accenture.com](mailto:ap.gc.support@accenture.com).
- In the event of any conflicts between English version and the others, the English version prevails.
