

AWS REINVENT – AABG WELCOME VIDEO

VIDEO TRANSCRIPT

In these times of uncertainty, businesses are accelerating digital transformation enabled by the cloud. Companies and industries are becoming cloud first. Accenture, an AWS premier consulting partner, has been working with Amazon Web Services on cloud solutions for more than 13 years. Accenture offers a powerful combination of extensive industry experience and proven technical expertise. We have an ever-growing base of AWS trained professionals. We support these capabilities with a deep well of assets to accelerate value and keep your business secure. We work with AWS to innovate at speed, and at scale. Accenture is uniquely placed to leverage our AWS expertise to help you realize your cloud first ambitions.
