

EVEN THOUGH THE WORLD AROUND US IS CHANGING, WE CAN STILL CHANGE THE WORLD

VIDEO TRANSCRIPT

Even though the world around us is changing, we can still change the world. By working together, we can find powerful new ways to help solve the current jobs crisis.

That's why leading Chief Human Resources Officers created People + Work Connect, the platform that crosses industry boundaries, removes geographic barriers, and empowers the HR community to put the world back to work.

The analytics-driven business to business platform matches companies furloughing or laying off their workforce with those that are hiring.

The platform provides access to experienced and skilled workers in a new way, making rapid recruiting a reality.

It's secure, simple to use, and free.

...And it works.

The platform provided a new source of high quality, experienced talent for Nestlé when they urgently needed it—helping them fill 70 positions in just 45 days

70 positions filled with high-quality experienced talent in 45 days.

Powered by compassion, People + Work Connect is making a real difference in people's lives.

"We really felt an important sense of obligation to step up and not only lead for our companies but do something more broadly."
