

# GOOD RETURN'S MY MONEY TRACKER

## VIDEO TRANSCRIPT

### Meet Ramy

*Celebrating a decade of partnership with Good Return, invest in good.*

My name is Ramy. I'm living with my spouse. My husband works at the factory. I can read some but husband cannot read. I sell small stuff at home such as grocery, soap, smelly fishes, fish sauce, all the seasoning spice. I can sell to poor people like me. We help to buy from each other. By keeping money separately mean, I put them in a different pocket in this purse. This side is for my husband's money, and this slide is from what I sell here. If someone owe me money, I must record it otherwise I would forget. I have to record it to know how much they owe. The mobile app name My Money Tracker is easy to understand even for illiterate people. And this phone has an app to record names and money. After I press it then I see the piggy. It is faster than the book and we don't lose data to anywhere. It helps us a lot, this Money Tracker Mobile app, we can use immediately. I want to have a warm family, I want to have a house, a good house like others. I don't know when I can get it but I keep saving. Maybe, I can have a house in the future.

*Contributing to the end of extreme poverty by 2030.*

*Bringing innovation to improve the way we live and work.*
