

SUPPLY CHAIN TECH VISION

VIDEO TRANSCRIPT

Leaders wanted

Masters of change at a moment of truth

Now there is no leadership

Without technology leadership

Don't wait for the new normal

Build it

Are supply chains ready?

64% of supply chain executives report the pace of digital transformation is accelerating

93% expect 50% or more of their business to be in the cloud in the next three years

81% agree they're facing technological changes at unprecedented speed and scale

The time for change is now

Tech Vision 2021

Technology trends to watch

Stack strategically

Architecting a better future

Mirrored World

The power of massive, intelligent, digital twins

I, Technologist

The democratization of technology
