Behind every great change is a great human...

Nakaka-fulfill ang pagtuturo.

Malaki ang impact nito sa tao, sa mundo.

Nag-tutor ako nung college.

At pagka-graduate, naging computer teacher sa high school.

Pero may time, nag-stop ako.

Naging busy sa trabaho, nawalan nang chance magturo.

Pero, I didn't lose hope.

I was able to teach again while working dito sa Accenture.

And dahil sa platform na binigay samin to give back, na fu-fulfill ko yung purpose ko to make a difference at mas marami pa 'kong natuturuan.

Creating impact beyond the four walls of the office.

This is Kevin. This is his story.

Kevin is a Specialist who shares his digital expertise with the youth through volunteer work.

By teaching in Accenture's "Skills to Succeed Academy", he and other volunteers are able to help change the lives of more than 8,000 learners.
