

# A POEM ON AGILE LEADER BY LEMN SISSAY

## VIDEO TRANSCRIPT

Thanks for attending. Shall we begin. Agenda item 1.

We collaborate we innovate  
We build and we disrupt  
We cultivate and we create  
The economy of trust.

We lean into the meaning  
We express and explore  
The value of values  
The economy of thought.

Neurological pathways open  
And new routes appear  
Light brightens the horizon  
And there it is: The New Idea.

Agenda item 2.

We don't do blue sky thinking  
Nor thinking outside of the box  
There are ways as yet unfound  
Doors as yet unlocked.

Be undaunted unbowed  
Uncompromising and unafraid.  
Ask if at first it were not imagined  
How else could it be made?

Agenda Item 3.

So let's imagine, a new deal,  
Nature as our university  
Nature's most common claim  
Is diversity.

The ship collaborates with the sea  
The sail innovates with the wind  
The nature of our voyage is we  
Are collaborators herein.

Matters arising in any other business  
Minutes are taken ideas are lost  
Now and then you think 'what is this?'  
Who is the prophet what is the loss?  
Any other business.

We harness the storms around us  
We embrace ideas that confound us  
We sense the light surround us  
Therein the new day has found us.

We collaborate we innovate  
We build and we disrupt  
We cultivate and we create  
The economy of trust.

We lean into the meaning

We express and explore

The value of values

The economy of thought.

Neurological pathways open

And new routes appear

Light brightens new horizons

And there: The New Idea.
