

A decorative graphic consisting of a yellow 3D rectangular block on the left side, with two blue lines extending from its top-right corner towards the right edge of the page, creating a sense of depth and perspective.

HfS Research Blueprint for Intelligent Automation:

**ACCENTURE NAMED TO WINNER'S CIRCLE,
DESIGNATED OVERALL LEADER**

Strategy | Consulting | Digital | Technology | Operations

When it comes to your customers, what does loyalty mean? When it comes to your business, what does loyalty cost?

The race to drive business value through intelligent automation is here. And Accenture is already pulling away from the pack.

The inaugural HfS Research Blueprint for Intelligent Automation has named Accenture to the Winner's Circle, designated as the overall leader in innovation.

Accenture is pushing the envelope on innovation through:

- **A holistic automation strategy**
- **Strategically embedded analytics**
- **Integrated vertical solutions**
- **And strong collaboration with ecosystem partners**

Even more recognition is coming in.

HfS also places Accenture #1 atop their Robotic Process Automation rankings, outclassing all other competitors through technology innovation matched with transformational consulting capabilities.

Unparalleled expertise. Exponential business value. Find out how Accenture can put intelligent automation to work for your business.
