

THE GARDEN

INNOVATION & ADVISORY NETWORK

Client Alliances
Industry Associations

Partner Alliances
Government Bodies
Academic Institutions

External Ecosystem

The Network formalises existing external relationships and targets new relationships including start-ups, clients and citizens.

Research Ventures
Labs
Studios
Centres
Delivery

Consulting
Digital
Security
Strategy
Technology
Operations

Internal Ecosystem

The Network leverages connections with internal communities including Accenture's Innovation Architecture and industry groups more broadly.

Innovation & Advisory Spokes

The Spokes are connected virtually to the Hub and supported by a Portable Greenhouse that can be transported to major cities and client in Australia and New Zealand.

CANBERRA AUSTRALIA WELLINGTON NEW ZEALAND

INNOVATION & ADVISORY HUB

Powered by Fjord, Liquid Studio and Second Road

Journey to Cloud Extended Reality AI/Robotics Blockchain IoT

THE GARDEN

The Hub is the heart of our Network and leverages the best of Accenture and the external ecosystem.

Analyst & Associate Innovation Group

A start-up style culture is encouraged by pushing the innovation boundaries. Our Analyst & Associate Innovation Group is closely connected to the Network as innovation evangelists.

Innovation Champion

The Network serves as a community of practice for our innovation champions focused on Accenture's rotation to the new.

Client Engagement

The Network is used by client engagement teams as a go to point for innovative ideas and collaborating with clients on innovation and investment initiatives.

Delivery Centre

Delivery Centres industrialise the delivery of innovations coming out of the Network.
