○ **Special Instructions for Purchase Order Invoices**

Avanade requires Purchase orders (POs) for purchases of \$1,000 and over.  
If you are providing goods or services to Accenture under more than one Purchase Order, you must invoice for each Purchase Order separately. Only one Purchase Order can be referenced per invoice.  
The format of the invoice must match the format of the Purchase Order and follow these guidelines:

- ✓ Reference the appropriate PO line item number for each line item on the invoice.
- ✓ For goods: the total for each line must represent the extended amount for that good.
- ✓ For services: charges for services and expenses must be itemized on separate lines

Always review the “**Comments**” section on the PO for additional processing instructions.  
Please do not quote the Purchase Requisition Number (PRXXXXXX) instead of the Purchase Order Number (60XXXXXXXX).

**Please do not over -invoice against the Purchase Order, however, contact the requestor to arrange additional amounts or to change the order.**
