

High performance. Delivered.

Accenture Life Insurance & Annuity Platform (ALIP) Video/Podcast Transcript

As the industry transforms
Will you take the lead?

An increasingly disruptive and competitive environment
demands innovation and integration across your operations

It takes a modern platform

A market leader

Infrastructure that is adaptive, flexible and cloud-proven
A digital front-end that exceeds customer expectations
And an analytics back-end that lets you know them better

You must GET MORE for your customers
More automation and simplification

You need to

- Accelerate product introduction
- Simplify underwriting
- Speed onboarding
- And increase operational efficiency

To outpace your competition

Choose an innovator
A market leader

A platform that orchestrates a seamless digital experience
One that speeds up integration
And accelerates your business initiatives

How can you bring this to life?

The Accenture Life Insurance & Annuity Platform (ALIP).

A highly modern platform leading the market
With deep functionality for new business, underwriting
and policy administration...
Next-generation technology...
Unrivalled delivery experience and track record

With programs that get, and keep you, self-sufficient
And the first to launch full end-to-end capabilities in the
cloud

GET MORE innovation
GET MORE digital
GET MORE performance
GET MORE
