

SINGAPORE GOVERNMENT JOURNEY TO CLOUD

With Accenture, you can get the benefits of cloud faster. We have the people, process and technology to unravel the complexities of cloud migration – and optimise your assets after launch. And with 77,000 cloud professionals, 20,000+ cloud projects completed, and over 1.6 million workloads migrated, you can be sure you're in safe hands.

#1

INTEGRATOR FOR AMAZON WEB SERVICES, MICROSOFT AZURE AND GOOGLE.

TO DRIVE BETTER CITIZEN SERVICES, GOVERNMENT NEED TO UNLEASH THE POWER OF CLOUD...

HIGHER AGILITY

SPEED TO DELIVER

LOWER IT COSTS

TRANSFORMATION AND MIGRATION

Move

We will ease the transition to a new operating model and culture. You will be able to migrate and modernise applications, build new cloud-based apps and transform your infrastructure.

Services Offered:

- Cloud Journey Management
- DevOps Services
- Cloud Migration Services
- Cloud Application Modernisation
- Cloud Native Custom Development and PaaS Services
- Cloud Infrastructure Transformation

MANAGEMENT AND OPTIMISATION

Manage

Once you are up and running, we will ensure you maximise value from your cloud investments.

Services Offered:

- Cloud Operations
- Security Operations
- Cloud Optimisation
- Application Management
- Business Process Operations

WHY CHOOSE ACCENTURE?

We carefully assess your business objectives and apply our public service and technical expertise to transform the way your organisation operates with the cloud as its foundation.

RESULTS DRIVEN AND DESIGNED FOR OUTCOMES

We take you through a customised journey to achieve the capabilities and value you need. Our automated toolsets, extensive ecosystem and migration factories make complex processes fast, easy and secure.

AFFORDABLE, SCALABLE AND FLEXIBLE

We adapt and tailor our services to meet your individual size, demands and fluctuating usage requirements. Your resources become liquid – available as needed and paid as consumed ensuring fit for purpose solutions.

DEVELOP BETTER CITIZEN SERVICES FASTER

Our expertise will deliver the services you need faster. With efficient, agile and scalable cloud capabilities in place you can focus on developing better citizen services and experiences.
