ALIP PORTAL
AN OUT-OF-THE-BOX MOBILE SOLUTION FOR LIFE INSURANCE AND ANNUITY CARRIERS.

Give your policyholders and agents real-time information and self-servicing capabilities that resonate with today’s digital lifestyles.

Whether you’re already using the Accenture Life Insurance & Annuity Platform (ALIP) or considering a platform modernization, ALIP Portal extends your digital strategy. With its device-agnostic technology and modern user interface, agents and policyholders can access information 24/7 and conduct business with easy-to-use self-servicing capabilities. You’ll deliver a consistent user experience across distribution channels, products and devices.

MEET RISING CUSTOMER EXPECTATIONS COST-EFFECTIVELY
Put your customers in the driver’s seat with the ability to update information anytime, anywhere, on any device—all while optimizing call center capacity and reducing costs.

ATTRACT NEW BUSINESS AND BUILD A LOYAL CLIENT BASE
Deliver digital capabilities that engage consumers and deliver insights to help agents connect with them on a deeper level.

LAUNCH YOUR PORTAL TODAY!
Leverage a comprehensive out-of-the-box solution with ACORD-based interfaces and a sophisticated integration workbench.

INTEGRATE ONE PORTAL FOR ALL YOUR POLICIES
Give agents and policyholders a 360-degree view of their policies from a single portal—regardless of the platform on which the policy resides.

DEPLOY EASILY
ALIP Portal is available on-premise or in the cloud. Unlike other portals, it’s pre-integrated with ALIP and integrates easily with other third-party administration systems through ALIP’s growing library of pretested interfaces. Its modern architecture uses standardized security protocols, including SSO and OAuth2, to leverage your enterprise security infrastructure, and its “mobile-first” responsive design delivers “one and done” changes across all devices.

ADAPT FLEXIBLY
The ALIP Portal puts you in control with flexible capabilities that can be configured to your requirements using easy-to-define rules and templates. You can offer capabilities based on product, channel and other variables. Then as needs change, you can readily adapt by extending capabilities to accommodate an increasingly savvy customer base.

CO-EXIST SEAMLESSLY
Even if you already have a portal, you can benefit from ALIP Portal’s interfaces and APIs available in ALIP’s Interface Exchange. This growing library of pretested integrations helps you to quickly extend your portal ecosystem to internal and external systems. We build and maintain all interfaces and APIs so you don’t have to, using standardized development tools and data formats. ALIP Portal also uses a true MVC web development architecture and design that makes it easy for you to incorporate ALIP Portal components into an existing portal.
ALIP PORTAL FOR AGENTS
Anticipate and deliver information agents want with the flexibility and configurability you need to adapt to market dynamics. You’ll boost productivity and optimize agent time with customers, while streamlining business processes including:

- View customer information
- View in force contracts
- Stay on top of license and appointment status to avoid “just-in-time” approval processing
- Receive tasks and follow-ups to keep business flowing
- Independently manage in force book of business
- Enter transactions on behalf of customers (subject to customer approval)
- Track commissions paid versus those earned, including reversals
- Track progress of submitted applications, including underwriting status and decisions

ALIP PORTAL LETS YOU KNOW YOUR BOOK OF BUSINESS AT A GLANCE:
ALIP PORTAL FOR CONSUMERS

Boost customer loyalty and advocacy by providing consumers with the self-servicing capabilities they demand including enhanced communications with optional videos. You’ll on-board customers quickly and easily, reducing service-related operational costs. With ALIP Portal, policyholders can update financial and non-financial policy information when and where they choose, including:

- View policy information 24/7
- Review policy investments
- Initiate transactions (both non-financial and financial) on a policy
- Download forms
- Contact an agent
- Update personal information
- Learn about relevant new products

INTUITIVE DESIGN FOR THE WAY DIGITAL SAVVY CONSUMERS CONDUCT BUSINESS ONLINE:

ALIP PORTAL APPLIES STANDARDIZED API TECHNOLOGIES INCLUDING:
- REST translation of ACORD industry standards
- Eclipse-based ALIP Integration Workbench
- ALIP integration gateway supports REST and JSON
- Configurable mediation layer that aggregates ALIP services
- API documentation via Swagger
