

# ACCENTURE DELIVERY CENTERS

Accenture Delivery Centers develop and scale innovations across the largest and most diversified group of strategy, consulting, digital, technology and operations professionals in the world. Through this connected network, we apply intelligence, innovation and deep industry experience, together with New IT and new skills to help our clients drive business value and outcomes.

Our Delivery Centers bring together our global reach, deeply-skilled technology and industry professionals and leading-edge technologies—all focused on generating measurable business value outcomes for our clients with seamless execution. We meet our clients' immediate business challenges while simultaneously

helping them to define and deliver next-generation innovations through the power of our close, collaborative relationships.

Accenture delivers game changing solutions to help our clients achieve high-impact business outcomes, across 120 countries.

## OUR DIFFERENTIATION

**AT THE INTERSECTION OF BUSINESS AND TECHNOLOGY, ACCENTURE DELIVERY CENTERS OFFER OUR CLIENTS UNMATCHED OPERATING INTELLIGENCE, PRODUCTIVITY AND CONFIDENCE IN A DIGITALLY-DRIVEN BUSINESS ENVIRONMENT.**

### INNOVATION AND CREATIVITY

Coupled with speed, agility and flexibility, we help clients use New IT to anticipate and respond to change faster to as well as seize new opportunities, enter new markets, improve speed to market and outperform competitors.

### AUTOMATION EVERYWHERE

Through automation, our key objective is to drive dramatic impact in productivity and delivery quality by automating task-related work and enabling skilled employees to fuel growth by focusing on more strategic work. In turn, this creates value for clients via operational improvements and speed to market.

### BUSINESS OUTCOMES

Delivering on our "as a Service" promise requires seamless integration of business process, applications, cloud, security and infrastructure capabilities. Our delivery teams offer clients technology-enabled, secure, agile business services that can be plugged in to deliver business outcomes at scale.

### GLOBAL REACH

We deliver innovation-led, business outcomes-driven work across our delivery centers, Accenture offices and client locations across 120 countries.

### SEAMLESS EXECUTION

We execute and scale innovation for our clients seamlessly with high quality and reliability across every dimension of our business: Strategy, Consulting, Digital, Technology and Operations.

### TOP TALENT

Our exceptionally talented people are proud to be a part of Accenture where they can be themselves, continuously learn and make a difference. We are an innovation-led company that attracts top talent with expansive learning and career growth opportunities.

### INDUSTRY-RELEVANCE

In more than 40 industries, we have skilled professionals with deep industry, technology, business and process skills and capabilities across custom systems, every leading technology platform and the emerging technologies.

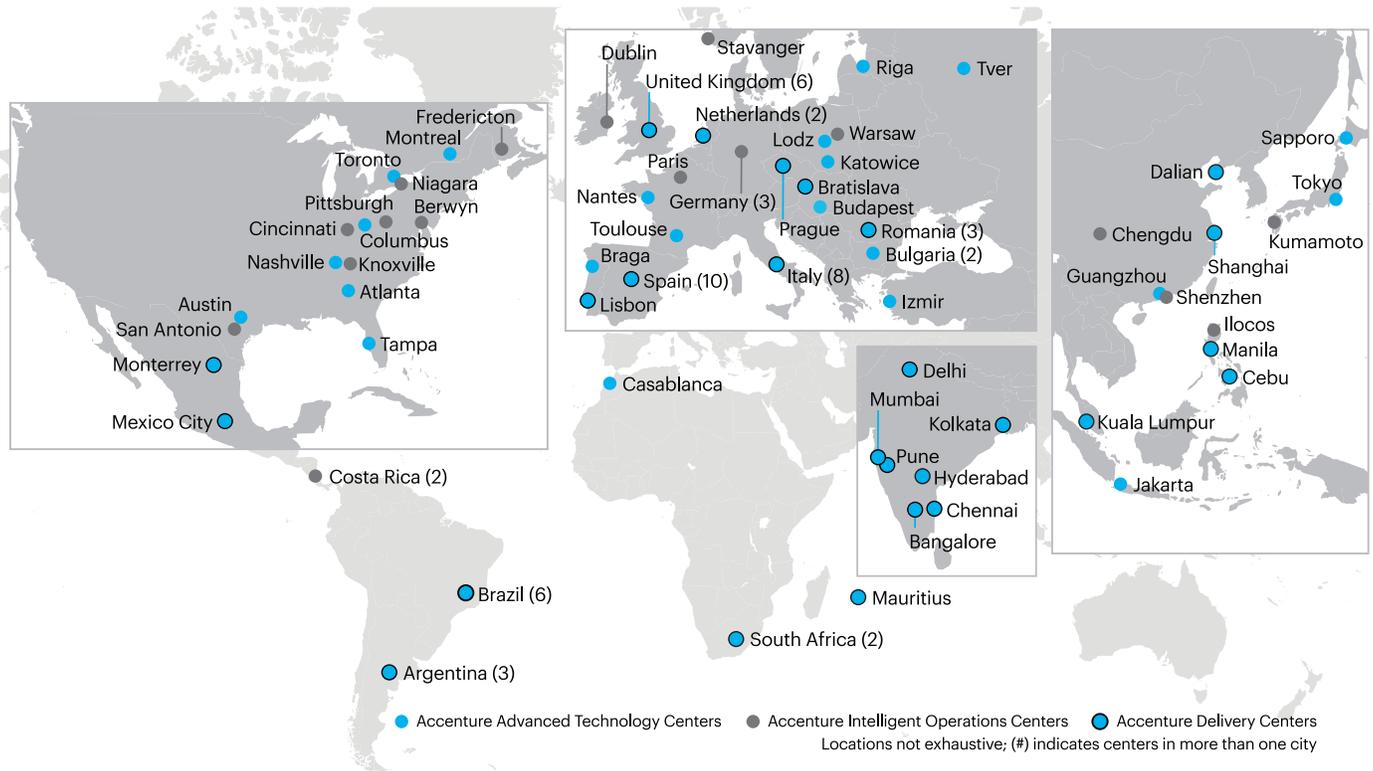

### COLLABORATION

Our people are energized by our culture of innovation as they work collaboratively and dynamically across multi-client and client-specific teams to drive business outcomes quickly.

# ACCENTURE DELIVERY CENTERS

OUR DELIVERY CENTERS INNOVATE AT SCALE AND PROVIDE OUR CLIENTS WITH STRATEGIC OPTIONS ACROSS TIME ZONES, COMMUTABILITY AND ESPECIALLY LANGUAGE AND CULTURE.

## OUR SERVICES

### ACCENTURE STRATEGY

We have strategy and management consulting professionals as part of our Accenture Capability Network providing deeply specialized skills in high demand areas across industry and function.

### ACCENTURE DIGITAL

We focus on digital projects that evolve clients to the New.

### ACCENTURE TECHNOLOGY

We innovate at scale in Accenture Advanced Technology Centers to help our clients transform their business and lead in the new. Advanced Technology stands for: innovation, intelligence, industry, New IT and new technology skills. We work with our leading ecosystem partners across digital, cloud, security, data and analytics, automation, artificial intelligence, blockchain and industry X.O, IoT and immersive experiences to help clients to rotate to the new and deliver business outcomes.

### ACCENTURE OPERATIONS

Accenture Intelligent Operations Centers helps our clients to transform their operations to become the intelligence engine of their business. We apply artificial intelligence and analytics to drive business insights, powered by cloud and platforms, and managed by the innovative talent – to help clients deliver superior business outcomes and experiences.
