My First Days:
Xavier Cordero
Muñiz

Xavier Cordero Muñiz: At my first role at Accenture, I hope to develop my knowledge with respect to emerging technologies, specifically cloud systems, as much as possible as well as meet great people along the way that can help me better that knowledge. As a new joiner, I feel excited and eager to learn as much as possible. I'm actually surprised with the amount of training that we've gotten with respect to the consulting methodologies used across the globe to solve some of the world's biggest issues.
