

AI FOR PENSIONS

VIDEO TRANSCRIPT

Artificial Intelligence

It's already part of everyday life

So why not employ AI for one of the most important things in your customers' lives – their retirement?

AI has the power to: Coach, nudge, mentor and shape behavior

What if your members could simply say, “Alexa, retire me in 2050” or “Siri, help me sign up for retirement benefits”?

Imagine the positive impact on... Your members' lives, your organization's efficiency.

AI is already helping organizations across a wide range of administrative tasks achieving savings of 60% to 80%.

Pension agencies: It's time to take advantage of the power of AI.

Think big, start small, and scale fast.

The time to start is now.

How is your organization leveraging the power of AI?
