Accenture discloses information about its Services and Strategic Priorities to provide additional insights into the company’s business. Revenues for Services and Strategic Priorities are approximate and may be modified to reflect periodic changes in definitions. Judgment is required to allocate revenues for client arrangements with multiple offerings into individual Services. Revenues for Strategic Priorities overlap so revenues for the same client arrangement may be included in multiple Strategic Priorities. For full financial data, non-GAAP financial disclosure and cautionary language regarding forward-looking statements, please refer to Accenture’s fiscal year 2022 fourth quarter news release issued on September 22, 2022, which accompanies this presentation and is available at investor.accenture.com.
