

## ATC MALAYSIA

### VIDEO TRANSCRIPT

Malaysia, a perfect confluence of diverse nationalities, cultures and languages.

This is Accenture's Advanced Technology Center. Propelling Malaysia to be Southeast Asia's powerhouse of technology.

The ATC is our investment in growing future-ready talent capable of deep technology and industry skills.

This age of ever evolving technologies presents constant challenges and endless opportunities for businesses and organisations.

Geared to address those, we design infrastructure engineering services to help clients move flexibly with the times, harnessing cloud capabilities to accelerate adoption and migration, with a data-led approach across intelligent platforms, all supported by our diverse talent so businesses can go from vision to outcome.

The ATC brings global expertise into play from Accenture's network of more than 50 worldwide delivery locations with a rapidly expanding workforce in the region.

At the same time, we foster deep partnerships and co-develop solutions with premier platforms (*flash ecosystem partners logo: SAP, Salesforce, AWS, Azure, Google*) to push the boundaries of technology.

With the best of global capabilities, regional diverse talent and local relevance in Southeast Asia, we empower clients to achieve transformation at speed and scale. Blaze new trails of growth with us.

This, is Advanced Technology Center in Malaysia.
