ACCENTURE + DUCK CREEK VIDEO TRANSCRIPT

Customers have come to expect an enhanced user experience. The UFE gives you a powerful way to create beautiful journeys, with fast speed to market.

The UFE provides unparalleled flexibility that aims to delight customers and deliver an experience based on consumer demands.

Decoupling creates unique customer experiences, seamlessly bringing multiple systems together.

The UFE leverages best-in-class third-party analytics tools, giving exceptional insights into your customers. And multiple carriers are now using the UFE's powerful theming engine, leveraging templates and creating new white label propositions sold through multiple distribution channels.

What does this all mean? Enhanced journeys, faster speed to market and all the flexibility you need to deliver an outstanding product tailored for every customer journey.
