VIDEO TRANSCRIPT

Accenture is truly committed to the enhancement of global dialogue among governments and between governments and civil society.

We have been supporting Business 20 for 10 years now, in the capacity of Knowledge Partner, assisting policy development with our research and consulting teams. Some of the themes of the 20 Saudi Arabia, especially align with Accenture priorities:

Achieving gender parity in the work force and across society,

Enabling work with technology

Putting innovation at the heart of everything we do

Accenture's participation at the G20 Saudi Arabia spans from the B20 Women in Business Action Council to the Future of Work and Education taskforce. From W20 engagement group to Science 20 engagement group. What a great opportunity, what a unique opportunity, to drive meaningful change.
