

# ATCP OVERVIEW VIDEO

## VIDEO TRANSCRIPT

Now more than ever, businesses seek to navigate the big waves of transitions that come with evolving technologies. We are Accenture Advanced Technology Centers in the Philippines and we're here to help you achieve your business metamorphosis.

We are made up of technology and industry experts who are passionate about driving innovation and transformation for our clients. We foster deep partnerships and co-develop solutions with premier platforms to push the boundaries of technology as a market leader.

We customized software for strategy, engineering and operations to help clients move flexibly with the times and we harness cloud capabilities to accelerate adoption and migration so businesses can go from vision to outcome.

On top of everything, we also combine emerging connected and smart technologies to digitally transform the industry and support clients in building their cyber resilience and business confidence. For over 30 years, we have been co-creating with our clients the tools and assets they need to achieve their business goals.

By combining our capabilities with expertise in various industries and geographies, we provide market relevant innovations that lead to differentiation wherever we may be. We are More Together Now in building a future of shared success, investing in new skills and empowering our people to be the drivers of positive change in their communities. We are advanced technology centers in the Philippines, your partner empowering digital transformation at speed and scale - now, more than ever.
