

WELCOME TO THE ACCENTURE OPERATIONS INTELLIGENT OPERATIONS CENTERS VIDEO TRANSCRIPT

innovation is the creative that lives
00:06
and breathes within our people
00:08
innovation inspires and surprises is
00:12
coming with the latest ideas to disrupt
00:15
the markets is closing the space between
00:17
what if and what has already been done
00:19
it's a state of mind where you
00:21
continuously look for improvement using
00:24
the tools and technology and go create
00:26
the solution that is easy to use and
00:28
that can be something as small as
00:30
automating a process or it could be
00:33
really top-down disruptive changes like
00:36
the new technologies of blockchain
00:38
artificial intelligence auric
