

# THE GOOD WORK - ACCENTURE TMT

## VIDEO TRANSCRIPT

Doing the good work that keeps our country  
safe, secure and well...up and running.

Fast tracking approval on a new cyber-security  
policy...Coordinating the delivery of equipment  
to 300 military bases around the  
world...creating a disaster relief plan for the  
upcoming tornado season.

What does it take to get our government to  
perform better, faster?

Getting answers to important  
questions...getting data to the right place at the  
right time.

It takes managing and sharing information more  
efficiently and effectively.

That's what this new, improved Accenture TMT  
is all about.

It takes your task management processes and  
ramps them up to the next level.

Being aware of directives or action items...

Hitting deadlines...

Keeping track of assignments and milestones...  
So government agencies can more effectively  
complete the missions that help us live better  
each day...and sleep better at night.

Accenture TMT is  
seamless...transparent...scalable.

It functions across an entire enterprise and is  
designed to handle the most complex  
challenges...work that spans business units,  
different functions and multiple time-zones.

Accenture TMT has been trusted by the United  
States Government since 2006...

In over 60 organizations around the world...

By more than 125,000 users.  
Accenture TMT uses a structured, yet flexible  
platform built on the industry-leading Microsoft  
Cloud, ...

cutting approval times....

...automating the flow of information, cutting  
errors.

And missed deadlines? Those went down too.

With tasks hitting record levels, the need for  
Accenture TMT has never been greater.

It's all about making life easier for people. So they  
can focus on the bigger task at hand...

doing the good work that keeps our country going  
strong.
