Weekly air cargo capacity to Israel by flight category, 18 Sep - 5 Nov 2023

Thousand Tonnes

Week 44 vs. week 40:
- Total Capacity: -24%
- Passenger belly: -70%
- Freighter: -38%
- Chartered passenger belly: -25%
- Chartered freighter: +348%

Requests for air charters on the rise as scheduled carriers divert from Israel.

“Very few operators are willing to fly into TLV now and many scheduled passenger flights have been cancelled. […] DHL and FedEx were still operating, but UPS had also now stopped operations into Tel Aviv.”
