VIDEO TRANSCRIPT

Women's tennis has always stood for high performance. Relentless standards. World class athletes. Nothing given. Everything earned. Now, the WTA and Accenture are partnering to raise the bar even higher. Together, we are reinventing the future of women's tennis.

By always putting athletes first. By applying technology and AI to turn data into real advantage. For players. For fans. For partners. This is not just about what's next. It's about what's possible. And we are just getting started.
