1

00:00:06,830 --> 00:00:08,670

Welcome to Above the Stack.

2

00:00:08,750 --> 00:00:12,110

My name is Kevan Yalowitz and this is your unfair advantage in tech.

3

00:00:12,590 --> 00:00:20,790

Hi, I'm Stephanie Gorski and we're thrilled to be with you today to talk about everything from how's the software market look, how are platform players continuing to invent themselves,

4

00:00:21,250 --> 00:00:25,650

How are we thinking about investors and private equity looking at the market?

5

00:00:25,650 --> 00:00:29,090

And then finally, how are AI native companies creating durable growth?

6

00:00:29,170 --> 00:00:30,290

It's an exciting time.

7

00:00:30,530 --> 00:00:35,650

In each episode, we are going to dissect the topics that are top of mind for tech leaders.

8

00:00:35,730 --> 00:00:38,970

We're also going to share our purview on the market and where the market's going.

9

00:00:38,970 --> 00:00:43,490

And we're even going to try to look a little bit over the horizon to see if we might be able to forecast what's next.
