Speed

- Guided go-live and user adoption
- Global deployments
- Process Automation

Predictable TCO

- Reduce IT admin tasks
- No own infrastructure investment
- Subscription based

Continuous Innovation

- Embedded innovation cycles
- Best Practices
- Keep up with regulatory changes

Simple, Reliable, and Safe

- Extend on BTP
- Fixed SLA
- Leverages i.e.massive security investments

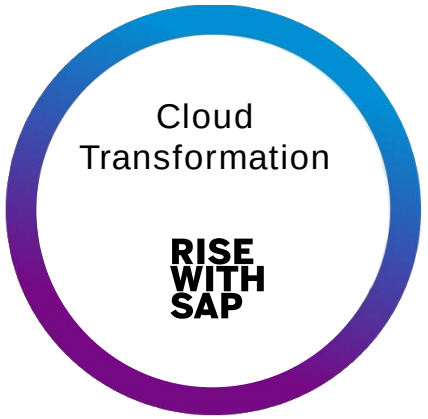
Target the maximum achievable improvements with cloud transformation powered by RISE

Process Transformation

Innovation, Standardization & Automation

- Business Process Intelligence
- Finance Transformation
- Logistics Transformation

Business Technology Platform



Business Strategy Enablement

Ability to Change & Adapt at Speed

- Organizational Change
- Business Model Evolution
- Environmental Change

Operating Model Change

TCO-Optimization & Simplicity

- Software as a Service
- One Contract
- Embedded Services
