

SAP COMMERCE PACKAGE

VIDEO TRANSCRIPT

The new normal has propelled eCommerce into the spotlight. It has accelerated growth in digital commerce across all sectors and industries, from beauty to packaged goods to industrial equipment.

However, with the shift from traditional route to digital channels of engagement in commerce, there emerges a need for delivering a differentiated customer experience that elevates your brand.

We are offering a special design, accelerators and implementation solution for businesses to go live quickly and cost effectively on SAP Commerce Cloud.

Combining the best of Accenture Interactive and SAP Commerce Cloud, our Lean Commerce solution, helps businesses quickly customize and unlock the value of Commerce Cloud

A flexible, cost-effective and agile solution, Lean Commerce can help businesses jump start their commerce journey and become live in as quick as 4 weeks.

Lean Commerce offers 3 implementation tiers: emerald, ruby, and sapphire, in addition to the upgrade and migration package to the latest SAP cloud.

We bring accelerators, agility, and a vision to re-ignite your digital commerce addressing immediate needs while making it flexible and continuous to address your different business needs and goals.
