

Seize the work day

Now is the time to realize your organization's full potential. Add new capabilities and analytics powered by Workday to help you unlock 360-degree value – only with Accenture.

So, what are you waiting for?

There's Workday, and then there's Workday with Accenture

Strategic transformation

We work with finance, HR, operations and IT leaders to help increase organizational impact. Planning for the long-term value of Workday, we can show you how to meet your objectives through people, process and technology.

End-to-end insights

We enable every department to access the same data and reporting, the same insights and tools, no matter where they're based.

Intelligent operations

Driven by applied intelligence, we use diverse data and human ingenuity to help you achieve breakthrough business outcomes, fast.

Scale innovation

Across Financial Management, Business Planning (Adaptive Insights), Cloud Platform, Prism Analytics and Learning, we can help you extend Workday's full capabilities.

CHANGEMAKER

WEDNESDAY
09/14
KEY03

Mainstage Keynote | 9:00 AM—10:15 AM **Changemaker Keynote: Customer Perspectives on Embracing Change**

See Julie Sweet, Accenture CEO, on the mainstage talking about her experience as a changemaker.

TUESDAY
09/13
INKEY2102

Industry Keynote | 10:45 AM—11:30 AM **The Future of the Tech & Media: Adapt, Innovate, and Thrive**

Emerging business models. Accelerating M&A. Soaring demand for fresh content. The tech and media industry has been defined by change from the start. Join tech and media leaders for a conversation about industry trends and how they are using technology to drive growth, embrace innovation, and succeed in a highly competitive environment.

TUESDAY
09/13
INKEY2090

Industry Keynote | 10:45 AM—11:00 AM **The Future of the Public Sector: Adapt, Innovate, and Thrive**

Public service leaders know that cloud is critical to their organization's success. The tech choices they make today could determine what they're able to achieve well into the future. Join this session to hear from peers and experts about what's ahead for government agencies, and how Workday can help you to drive efficiency and productivity and connect a complex network of agencies, services, and people to ensure future-proof resilience.

TUESDAY
09/13
INLP1366

Suffolk County & City and County of Denver | 12:15 PM—1:00 PM **Workforce Optimization: How HR leaders use modernized system data to better plan and optimize the workforce**

Join this session to hear a panel of government human resources leaders highlight the value of and opportunity for increased workforce optimization, and the benefits of using Workday technology to access data, analyze trends, and make more strategic decisions.

TUESDAY
09/13
FNLPPS2288

Williams Lea Tag | 3:00 PM—3:45 PM **Creating agile finance through process-led business transformation: Williams Lea Tag and Accenture**

Join WLT and Accenture in a discussion on global transformation focusing on process efficiency. Hear how outsourcing and shared services were enabled, as well as lessons learned about combining people, process and technology to achieve business impact.

WEDNESDAY
09/14
HRLPPS2470

Accenture | 12:15 PM—1:00 PM **Continuous Human Resources Transformation (HRT) and the Employee Experience**

Join this session to hear how Accenture, one of the largest Workday customers, has benefited from an employee-driven evolution strategy to reshape HR. Learn how Accenture uses employee feedback about what they need to continually innovate how to enable and empower its people.

WEDNESDAY
09/14
ITLP1489

University of Virginia | 2:45 PM—3:30 PM **Workday Extend Helps Empower IT at the University of Virginia**

University of Virginia (UVA) is a complex higher education institution that wanted to broaden its use of Workday to create a robust security model. In this session, learn how UVA worked with Accenture to use Workday Extend to create the Request-Based Security Access application—a solution that benefits not only higher education but other industries as well.

THURSDAY
09/15
INLP1481

Buncombe County & Metropolitan Washington Airports Authority | 09:15 AM—10:00 AM **A Journey to Real-Time Planning: Workday adaptive planning for public sector organizations**

Join this session to hear from a unique and distinguished panel of public sector budget leaders as they share their journey with Workday Adaptive Planning, including success stories around annual and strategic planning and forecasting.

THURSDAY
09/15
INLP1571

Tulsa County, OK | 11:30 AM—12:15 PM **Tulsa county's human-centric approach to change and technology equals deployment success**

Tulsa County took a unique approach to its Workday deployment. Instead of being solely tech-focused, it chose a human-centered approach to change that paved the way for a successful deployment, and greatly increased its time to value. Join this session to learn more.

THURSDAY
09/15
HRLPPS2682

Baker Hughes | 11:30 AM—12:15 PM EDT **Becoming a Skills-Driven Organization: a Conversation with Baker Hughes and Accenture**

Join this session to hear from Accenture and Baker Hughes on why organizations are shifting to skills-based talent practices. Learn how they navigate the journey with Workday at the core by accelerating talent and skills to position their company to thrive.
