

ACCENTURE ACADEMY

VIDEO TRANSCRIPT

We entered a new era,
An era where the only constant is...
Change,
and intelligence is its driving force.

Mastering intelligence changes not only the way we think, but the way we make things and the very things we make. It brings disruption but also new opportunities for professionals to advance their skills to a new level and lead the transformation to a smarter, safer, and more sustainable way of working and living.

Accenture Academy Program aims to enable you to stay ahead of your peer group by developing your skills and specialization. In order to stay relevant in this rapidly evolving environment, we will help you build future-ready functional knowledge and skills.

They are those who enabled the current Industrial Revolution,

And those who are making the future ones happen.

But here, at Accenture Academy, we call them simply

Innovators.
