Employee Experience at Accenture Strategy

Video Transcript

As a new homeowner, I love the experience of creating my own unique space.

A great strategy starts with a vision for the future. I can take the “Before” and picture the “After” so clearly in my head.

I use my ability to envision the future in my role at Accenture, as a business strategy

manager specializing in sustainability—where I imagine the possibilities and capture the big picture.

At Accenture Strategy, we are business and technology strategists who are obsessed with creating value to our clients.

As trusted advisors, we are redefining Strategy.

We are entrepreneurial and ambitious... and create our own paths.

We are uniquely distinctive and uber connected to the rest of Accenture.

My experience at Accenture is unique. Because I am unique.
