Accenture Digital Careers

Video Transcript

Join us to use your digital marketing, mobility and analytics skills and Be Greater Than

Speaker 1: Accenture was a pioneer and also an innovator in the digital space before we even called it digital.

Speaker 2: We've taken this idea of mobility and interactive and analytics and we've applied it broadly across all of our clients.

Speaker 3: As an interaction designer I am always thinking what are the customer's needs; what's going to make their lives easier and more enjoyable. Adding kind of these elements of delight so they remember it.

Speaker 2: We help our clients take an idea like big data and help explain to them what that means. How do we manage data as an asset to do things like predictive modelling, optimization, forecasting...

Speaker 1: I love working in digital because people get it, it's something that we use in our everyday lives.

Speaker 4: The scale that we work at is enormous the solutions that I am working on right now are touching millions people which is such an interesting and exciting experience.

Speaker 3: Making a difference is one of the best parts of my job, it makes me tick, it makes me want to come to work.

Six months from now something is going to come out a new technological device that we will have never thought of, we will not even have realized that we needed it until we have it.

Speaker 4: The types of people that succeed here are the people that can work with all different backgrounds and all different experiences, that's just in our culture. We are collaborative problem solvers at our heart, if we work together we will achieve the business objective, absolutely. Accenture digital is a great place to work.
