Employee Experience at Accenture Technology

VOICEOVER:

When I ride my bike in Malaga... among the buildings, along the coastline, over roads and sidewalks, I feel very connected to my city.

And I can give back to it as part of my work at Accenture for the municipal water company.

The view of the city from my bike motivates me to accomplish so much in Accenture Technology.

And I'm so proud to help build innovations for my community.

We are technology experts.

We are trusted problem-solvers.

We lead the next wave of disruptive technologies.

And we are truly global.

My experience at Accenture is unique. Because I am unique.
