Research shows that more women in the workforce helps grow the global economy. At Accenture, we believe the future workforce is an equal one. And we are setting a new goal to achieve a gender-balanced workforce, with 50 percent women and 50 percent men, by 2025.

WHAT WE WANT TO ACHIEVE:
INCREASE THE PROPORTION OF WOMEN MANAGING DIRECTORS TO 25% GLOBALLY BY 2020 AND 50/50 GENDER BALANCE BY 2025

TO ACHIEVE A GENDER-BALANCED WORKFORCE, WE’RE TAKING STEPS TO RECRUIT, RETAIN, ADVANCE AND SPONSOR WOMEN, INCLUDING:

- Launching initiatives that attract women into high-demand skills, and about women in technology programs, which helps bring more women into high-performing roles.
- Committing to transparency in salary and demographics.
- Collaborating across industries and government to further gender equality at the highest levels.

THE END RESULT?
TO ACHIEVE A GENDER-BALANCED WORKFORCE
